Draft Fact sheet for final documentation package 091216 final -PIO comments.docx

Hi Michelle,

Our PIO has made edits for readability. If you concur, please proceed with translation. We do not need to review each packet as this will delay packet delivery. Please let me know when the packets will be mailed out so that we can notify residents.

Thank you,

Charlene

Charlene,

DPH still has not provided concurrence on the fact sheet and cover letter for the residential package.

DPH must provide concurrence on the documents prior to the translation, and then the packages can be prepared. DPH also requested review of all of the packages, so unless DPH provides concurrence immediately and expedites review of the packages when they are prepared, there is no way that these will be out next week.

EPA has been waiting for DPH comment, review and concurrence on these documents since August 31st. EPA would very much like to get these packages out to the residents and would appreciate your cooperation and concurrence so that this process can proceed.

Hi Jason,

Ex. 6 - Personal Privacy spoke to our Deputies at the Office of Supervisor Solis. She is claiming that ServPro replaced her damaged items with inferior quality products. She has been speaking with Thom Hoge-ServPro of Downey: 714-553-4403 and Jason Beldin: 818-402-1812. Is this something you are aware of?

Also Michelle, she is asking about the reports. Is it safe to tell her they will be mailed out next week?

Thank you both!!
